

Android Pay™ app

The convenience of a mobile wallet is now in your hands

Smarten up your smart phone with another way to pay. Download Android Pay™ and add your South West Slopes Credit Union card to start making simple, secure purchases today.

Now you can tap and pay with your phone using Android Pay, the new app that offers a smarter way to pay. Android Pay is an advanced Google

product that heralds a significant shift in mobile payments.

The new Android Pay app allows you to use NFC capable Android devices running KitKat 4.4 and above to make payments.

Tap. Pay. Done. It's that easy.

You don't even need to open the app – simply wake your device by tapping the home or power button to pay in person with a tap of your phone. You can use Android Pay wherever contactless payments are accepted.

For transactions over \$100 you will need to enter your PIN at the terminal. To make in-app purchases select the Android Pay icon at the checkout.

Download NOW and

Add your **South West Slopes Credit Union card**

How it works

1. DOWNLOAD

Download the free Android Pay™ app from the Google Play Store play.google.com

2. ADD

Add your South West Slopes Credit Union card

3. TAP & PAY

No need to launch the app – simply wake your device to:

Pay in person with a tap of your phone wherever contactless payments are accepted.

For transactions over \$100 you will need to enter your PIN at the terminal

or

Pay in-app by selecting ‘Buy with Android Pay’

Choice, Simplicity and Security

Android Pay offers a smart way to make fast purchases with compatible credit or debitcard, across all Android devices that is both simple and secure.

Android Pay doesn't send your actual credit or debit card number with your payment -so your card details stay safe. You'll know exactly when and where your transactions occur – making it easy to catch any suspicious activity. And if your phone is ever lost or stolen, you can instantly lock your device from anywhere, secure it with a new password, and wipe it clean of your personal information.

Whether you're in-store or in-app – with Android Pay, a simple and secure checkout is always just a phone tap away!

Download NOW and add your South West Slopes Credit Union card <play.google.com>

FAQ SECTION

How does the Android Pay™ app work?

Android Pay is a free app that allows you to pay with your South West Slopes Credit Union card with a tap of your phone while enjoying the same benefits and protection of your physical card. Add an eligible credit card and you're ready to tap and pay for purchases. Use Android Pay™ in participating mobile apps and anywhere contactless payments are accepted.

To learn more, visit www.support.google.com/androidpay.

Is using my South West Slopes Credit Union bank card in the Android Pay app safe?

Yes. Android Pay has a number of security features:

- Your physical card number is not stored on your phone
- Just like a contactless transaction with your South West Slopes Credit Union card, Android Pay will not work for purchases over \$100 unless you enter your PIN at the terminal

- If your phone is ever lost or stolen, you can use Android Device Manager (www.google.com/android/devicemanager) to instantly lock your device, or even wipe it clean of any personal information

- You will continue to enjoy \$0 liability for unauthorised transactions the same as when using your physical card

How do I get the Android Pay app?

You can get the Android Pay app for free if you have:

- An Android Pay compatible smartphone with NFC technology that lets your phone transmit data to the payment terminal at checkout

- Android KitKat 4.4 or above operating system

To learn more, visit www.support.google.com/androidpay

Can all NFC-enabled smartphones work with Android Pay?

All smartphones that are enabled with NFC technology, have Android KitKat 4.4 or above operating system and have an Australian carrier, are compatible with Android Pay.

How do I pay using Android Pay?

- Wake your phone by tapping the home or power button
- Hold the back of your smartphone over the contactless symbol at checkout when prompted by the cashier
- If the transaction is over \$100 you will need to enter your card PIN at the terminal
- Confirm with the merchant that the Android Pay transaction has been accepted and collect your receipt
- To make a purchase in a mobile app, select Android Pay at checkout. Your South West Slopes Credit Union Card and address details will be automatically added
